Stills from our new title

## Miniclips

Guide your young students in understanding and maintaining good personal hygiene with this endearing animated Miniclip which explores dental health.

## Brushing up on Dental Hygiene

Just like we shower everyday, we should brush our teeth too! In this endearing animated Miniclip, your younger students will learn all about why we brush our teeth twice a day, the consequences if we don't, how to brush properly, as well as additional healthy habits to help keep our teeth healthy and strong!
